

Privacy Settings and Test Events

Under the “Privacy Settings” you will see a check box for “Unlisted or Test Event.” Checking this box is a great way to prohibit your test event from appearing on your video portal site and hiding it from viewers.

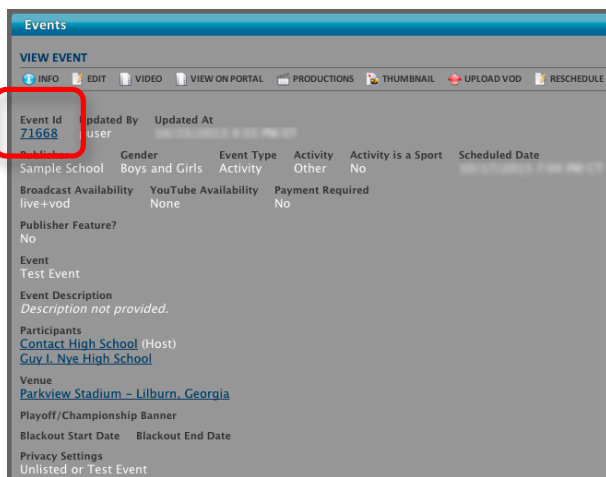

When you are scheduling a test event, make sure to check this box before hitting the “Submit” button. Take note of the event id number.

The screenshot shows the 'Events' form with various fields for scheduling and configuration. The 'Privacy Settings' section at the bottom is highlighted with a red box, showing the 'Unlisted or Test Event' checkbox checked. Below this are 'Submit' and 'Cancel' buttons. An arrow points from the checkbox to the 'Submit' button.

Figure 1: Privacy Settings

You will be able to watch your streaming test event by going to your school's video portal site and typing **/events/#####** at the end of the web address. For example: [www.nfhsnetwork.com /events/71668](http://www.nfhsnetwork.com/events/71668)

The screenshot shows the 'Events' page with a table of event details. The 'Event Id' 71668 is highlighted with a red box. The table includes columns for Event Id, Updated By, Updated At, Gender, Event Type, Activity, Activity is a Sport, and Scheduled Date.

Event Id	Updated By	Updated At	Gender	Event Type	Activity	Activity is a Sport	Scheduled Date
71668	User	10/10/2012 10:00 PM EDT	Boys and Girls	Activity	Other	No	10/10/2012 10:00 PM EDT
